### Coffee Market Report

The coffee markets remain devoid of fundamental supportive news yesterday, with the markets dominated by negative sentiment, which comes with the perception of significant stocks and continued good supply. This perception tending to keep the speculative sector of the market short sold, while the commercial industries and with many players still enjoying their summer holidays, are somewhat sidelined from the market. The November to December contracts arbitrage between the London and New York markets narrowed yesterday; to register this at 40.06 usc/Lb. This equates to 39,94% price discount for the London Robusta coffee market. The Certified washed Arabica coffee stocks held against the New York exchange were seen to increase by 4,630 bags yesterday; to register these stocks at 2,357,463 bags. There was meanwhile a larger in number 13,712 bags change to the number of bags pending grading for this exchange; to register these pending grading stocks at 27,084 bags.
